## A MESSAGE FROM THE GENERAL MANAGER

Welcome to the Kioti Spring/Summer season, where innovation meets reliability to bring you the tools you need for a successful season. As the days grow longer and the work intensifies, we're excited to introduce our latest offerings designed to make your farming and outdoor projects more efficient and enjoyable.

This season, we're bringing you cutting-edge machinery and equipment that embody the quality and performance you expect from Kioti. Whether you're tending to your paddocks, maintaining your lawn, or taking on new challenges, our Kioti lineup is here to support you every step of the way.

We are excited to introduce the new line of Kioti skid steer loaders - engineered for those who demand versatility

and power in their equipment. Whether you're tackling construction projects, managing farm tasks, or handling landscaping jobs, our skid steers are built to deliver top-tier performance across the board

We're committed to helping you make the most of your time and efforts, with products that deliver outstanding results, season after season.

### EZ PILOT PRO STEERING WHEEL

The EZ Pilot Pro Steering Wheel provides a steering solution for all Kioti non-steer ready tractors. This system replaces the original steering wheel with an electrically driven system providing an Auto steering solution when a Trimble Powered GFX-750 and NAV 900 are fitted. This system works with all correction services and is a cost-effective solution to make the tractor steer automatically.

### GFX-750 DISPLAY

The Trimble® 10.1" GFX-750™ display continues a strong tradition of sleek, easy-to-use displays from Trimble Agriculture. With a roof-mounted guidance controller, your cab will be clean and clutter-free with this automated guidance system. Add in Bluetooth and Wi-Fi connectivity to go along with ISOBUS compatibility and you can tackle farming applications from every season across all of your equipment brands.

### NAV-900 GUIDANCE CONTROLLER

The NAV-900 guidance controller is our most advanced GNSS receiver to date, built for maximum uptime and a wide range of accuracy options from basic to high precision. It is designed to mount on the roof of most agricultural vehicles to provide positioning and guidance, including autosteer.
